PROFESSIONAL EXPERIENCE

Leica Geosystems (Hexagon) • Geospatial Regional Manager, East & Central Africa • Feb 2025 – Aug 2026

- Owned a $10M P&L and $2M operating budget across a 23-member team to deliver 42% YoY revenue growth
- Executed commercial turnaround by securing $1.9M in competitive tenders across Ethiopia, Kenya, Tanzania, and Uganda
- Overhauled inventory, logistics, and target setting models to drive 200% increase in East Africa partner revenue
- Built market analyses and pricing models and presented findings to HQ leadership to guide commercial strategy and capital deployment in Central and East Africa market

Freelance Consultant • Business Development & Market Entry Advisory • Jan 2024 – Jan 2025

- Advised Vela Sustainability Technologies on market entry for occupational-health software across 18 Western and Central African countries, targeting mining, oil and gas, and industrial manufacturing buyers
- Engaged 100+ prospective clients and channel partners on exposure monitoring and compliance needs, building a $1.1M pipeline of qualified opportunities
- Developed the go-to-market plan, PAM/TAM market sizing and marketing strategy for Vela's leadership team

Trimble Inc. • Senior Business Development Manager, GTM, Strategic Accounts and Projects • Sep 2015 – Dec 2023

- Won $3M World Bank tender in Tanzania by restructuring the technical solution and repositioning value proposition
- Originated a $150M donor-funded pipeline through market sizing and competitive intelligence
- Achieved $85M in competitive bids, averaging $10.6M of annual revenue over 8 years
- Designed a public-private partnership proposal with government (financing model, risk allocation, partner roles) and secured land and site permits for national CORS networks

De La Rue • Strategic Account Manager, West and Central Africa (concurrent with Trimble) • May 2021 – Oct 2022

- Managed high-value strategic accounts, overseeing a $75M public-sector project and generating $25M in annual revenue
- Strengthened senior-level relationships, increasing repeat business by 50%, while executing tailored solutions that drove $8M in upsell opportunities
- Developed and implemented account strategies that boosted revenue and reduced churn
